Total Area I                              $2,995,315

The Episcopal Residence and Office Fund provides the conference share of financial support for the office and residence expense for North Georgia's Resident Bishop. This budget line increased due to the creation of the Director of Community Discipleship and Development role added in 2022.

District Superintendents' Compensation line item represents salaries, health insurance and pension benefits for the eight (8) district superintendents of our conference.

The Equitable Compensation Fund enables our conference to fulfill the mandate of “security of appointment”, meaning that all appointed clergy will receive Conference minimum compensation.

The Board of Ordained Ministry is responsible for credentialing of clergy. Additionally, it coordinates the provision of support for conference clergy through myriad services, continuing education activities, seminars, etc. This ministry enables our conference to meet the high standards and expectations of local church congregations.
AREA II. RETIRED MINISTERS PENSION/INSURANCE

Retired Minister Insurance Premiums $1,350,000  
Disability Premiums 200,000  
Retirees' Past Service Pension (Pre-1982) 0  
Total Area II $1,550,000

Retired Minister Pension/Insurance reflects “fully funded status” as of 12/31/2021 (unaudited) for both the ViaBenefits defined contribution funding for the Heath Reimbursement Account for retired/eligible clergy and Conference staff, as well as the pre-1982 plan. The premiums noted for Retired Ministers insurance (HRA) are based on claims expenses passed on to the Conference by ViaBenefits. The benefit per claimant is currently capped at $3,600/annum. Due to the 2022 Conference Board of Pension and Health Benefits recommendation being approved by the Annual Conference there was a substantial decrease in this program’s liability.

Apportionments for pre-1982 are discontinued in 2023 based on the actuarial valuation of the liability.

**GRAND TOTAL 2023 BUDGET**  $16,408,099

**How Are Apportionments Computed?**

**Step 1:** Conference determines annual budget, consisting of several ministries and programs, including retired ministerial support, new church development, General Church and Jurisdictional apportionments to the North Georgia Conference.

**Step 2:** At calendar year-end, the local church completes the Local Church Report to the Annual Conference. (For the 2023 recommended budget, the latest available reports are the 2021 year-end reports.)

**Step 3:** The Treasurer's Office accumulates all local church reports and determines each local church's **operating expenses.** Operating expenses consist of salaries, pension benefits, clergy housing-related expenses, expense reimbursements, current program expenses, expenses related to commercial insurance and other current operating expenses. Operating expenses (also referred to as "decimal" expenses) do NOT include: HealthFlex insurance expenses, payments on indebtedness, or capital-related expenditures. Also, expenses related to "self-sustaining" activities and local benevolences are NOT considered operating expenses.

**Step 4:** The Treasurer's Office totals the local church operating expenses for ALL 795 North Georgia United Methodist churches. For year-end 12/31/2021, this total was $190,307,260.

**Step 5:** We determine "the decimal." This is the conference budget divided by total church operating expenses (from step four). The decimal for 2023 is **.0862**, or **8.62%**.

**Step 6:** We multiply an individual church's operating expenses by the decimal, arriving at the total gross apportionment. We then prorate the gross apportionment to fifteen individual apportionment line items.
**Step 7:** Churches above 1000 members might have a "reasonableness test" applied to their apportionments (see formula below), and the Cabinet **might** adjust the computed apportionments for certain churches within that size range. This methodology was approved at AC 2006.

**Step 8:** We sum the apportionment for each individual district and send this information to the district offices. District Superintendents review the apportionments as calculated **and may adjust the calculated amounts.** Such adjustments should be made only after discussion with the church's senior pastor. Note that the District’s aggregate apportionments cannot be changed.

**Step 9:** District superintendents notify local churches of their apportionment amounts. This information is provided to the pastors via "Local Church Apportionment Reports" at the summer/fall district set-up meetings.

Please note that churches that are considered "newly constituted" have 5 years to transition into their full computed apportionment. In effect, the difference between their *computed* apportionment and what they are *actually* apportioned is subsidized by the other churches in the Conference for a five-year period. (This is accomplished generally by apportioning in increments of 20% of computed apportionments per year for 5 years-20% in year 1, 40% in year 2, etc.)

**Detailed Explanation of Step 7 as originally approved at 2006 Annual Conference Session (and re-ratified each year since):**

To assure that our apportionment computation and allocation system is as equitable as possible, we recommend that a "reasonableness test" be implemented, which will work as follows-

a. Existing apportionment formula and rules for year-end report completion remain unchanged.

b. After the apportionments have been computed for all churches, three (3) comparative groups will be established churches with membership from 1000-1999; 2000-2999; 3000+

c. The aggregate apportionments for each group will be divided by the aggregate membership of each group to calculate an average apportionment/member for each group.
d. Any church whose apportionment/member falls below the average for its group may be reviewed to the Cabinet for discussion about possibly being moved up to the group average over a three (3) year period. Group average calculations will occur each year based on the latest reported membership statistics.

e. The Cabinet can review the apportionments for the churches in all 3 groups and may, as a body, discuss and might adjust each church whose apportionment is below the average for its size range.

f. Apportionments added to the affected churches will not be offset by reductions in other churches and will be applied to Conference-specific apportionment line items ONLY and will NOT be added to General or Jurisdictional line items.
