** The assignments were made in order of election for JC delegates. The purpose is to increase knowledge of the petitions/resolutions coming before GC and to create discussion. The GC delegates will be seated at the legislative committees; however reserves are allowed to observe in these committee meetings for informational purposes. If a replacement is needed, reserves will be assigned by the delegation head in election order, and seated in the absence of an assigned delegate should such a need arise. See handbook for more information. The jurisdictional conference delegates should review their assigned legislative info and discuss with their jurisdictional legislative partner.
