

Together, we can save a life

FOR ALL DISASTERS:

For All Disasters, Make a Disaster Plan:

- Meet with your family and discuss why you need to prepare for disaster. Explain the dangers of fire and severe weather to children.
- Discuss the types of disasters that are most likely to happen. Explain what to do in each case.
- Pick two places to meet:
 - Right outside your home in case of a sudden emergency, like a fire.
 - Outside your neighborhood in case you can't return home. Everyone must know the address and phone number.
- Ask an out-of-state friend to be your "family contact." After a disaster, it's often easier to call long distance. Other family members should call this person and tell them where they are. Everyone must know your contact's phone number.
- Discuss what to do in an evacuation.
- Plan how to take care of your pets.

For All Disasters, Assemble a Disaster Supplies Kit That Includes:

- First aid kit and essential medications.
- Canned food and can opener.
- At least three gallons of water per person.
- Protective clothing, bedding, or sleeping bags.
- Battery-powered radio, flashlight, and extra batteries.
- Special items for infant, elderly, or disabled family members.
- Written instructions on how to turn off electricity, gas, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)

Together, we can save a life
