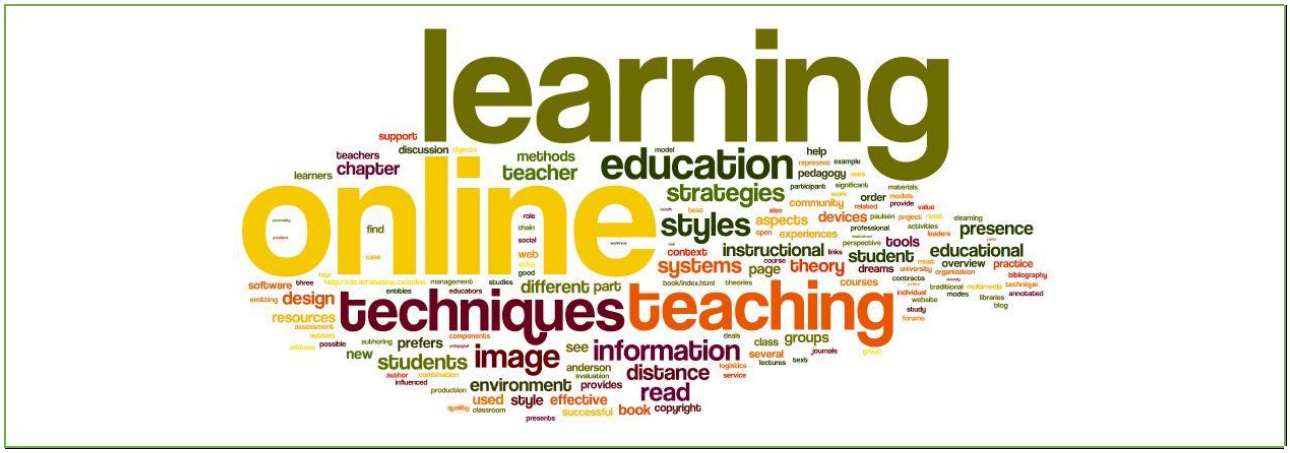
Lay Servant Ministries Online Course Project

Courses 2022



Have you considered taking a lay servant ministries course online? If your calendar does not permit you to take classes as scheduled by your district, perhaps, you would like to consider taking a course online. The online courses allow participants to do the work at a time that is convenient for them within an established time frame. The online courses will not replace the traditional face-to-faces courses offered by districts.

The courses are five-weeks with limited time restraints. Participants may work on the requirements at a time that is convenient for them, but all assignments must be completed by deadline dates within the five-week period. Assignments may include activities that require reading, reflecting and writing, self-grading quizzes, viewing of Power Point slides and selected videos, discussion forums, and research/investigation of selected topics. To register for a course, go to: https://na.eventscloud.com/659638 The cost for a course is $42.00 (This does not include books and other resources.) Courses must be paid for with credit or debit card.
